

SUNDARAMOORTHY S

Senior Executive Designer

Pudukkottai, Tamil Nadu, India | +91 90470 72015 | s.p.sundar.sm@gmail.com

Professional Summary

Creative and User Interface (UI) Designer with 7+ years of hands-on experience in the design industry, blending visual design with user-centric functionality to create intuitive user experiences. Skilled in logos, marketing materials, and website design for corporate clients.

Professional Experience

Deloitte Digital

Senior Executive Designer – Digital | 2021 – Present

- Create high-quality designs for print and digital channels while consistently meeting tight project deadlines.
- Develop layouts, typography systems, color palettes, and visual assets that strengthen brand identity and user engagement.
- Develop and refine branding and identity work, creating logos, visual identities, and design guidelines aligned with client objectives.
- Create wireframes and user interface (UI) prototypes in Figma and Adobe XD for digital and web projects.
- Check color contrast and readability in designs to improve accessibility.
- Revise designs based on client feedback while meeting deadlines and quality-control standards.
- Apply HyperText Markup Language and Cascading Style Sheets (HTML/CSS) to support web page layouts and content presentation.

Redesh Franchise World Pvt. Ltd.

Graphic Designer | 2020 – 2021

- Created logos, brochures, banners, and promotional content, and directed photo shoots and video content for YouTube, Instagram & Facebook campaigns, collaborating with writers and incorporating client feedback.

Madras Global

Junior Designer – Digital | 2019 – 2020

- Created logos, visual identities, design guidelines, posters, brochures, advertisements, and web and social media graphics using Adobe Photoshop, Illustrator, and Animate CC, applying typography and responsive design principles.
